

PROJECT DOCUMENTATION FOR

A WEBSITE FOR FINDING STUDY CAFE PLACES NEAR CAMPUS FOR ISKOLARS

Github link:	
Pythonanywhere:	

We wanted to make a webpage where Iskolars can find cafes for their next study date that are just nearby the campus. Maginhawa and Katipunan are the two main areas we decided to use for this project. We also made sure that every establishment listed offers wifi services as we believe that it is the primary need for every study session.

The webpage displays an establishment’s name, photo, address, store hours, as well as the availability of power outlets and parking spaces. Contact details listed include the store’s contact number, email, and link to their primary website and Facebook and Instagram pages.

The webpage can also be edited by the users, they may update information about a certain establishment and delete a store they feel should no longer be included in the list. With this, users may also register new stores as long as the establishment offers wifi services and is situated in one of the two areas listed on the website.

Note: The images below are screenshots of the project as they were executed from the VisualCode software and may not reflect the final appearance of the deployed project.

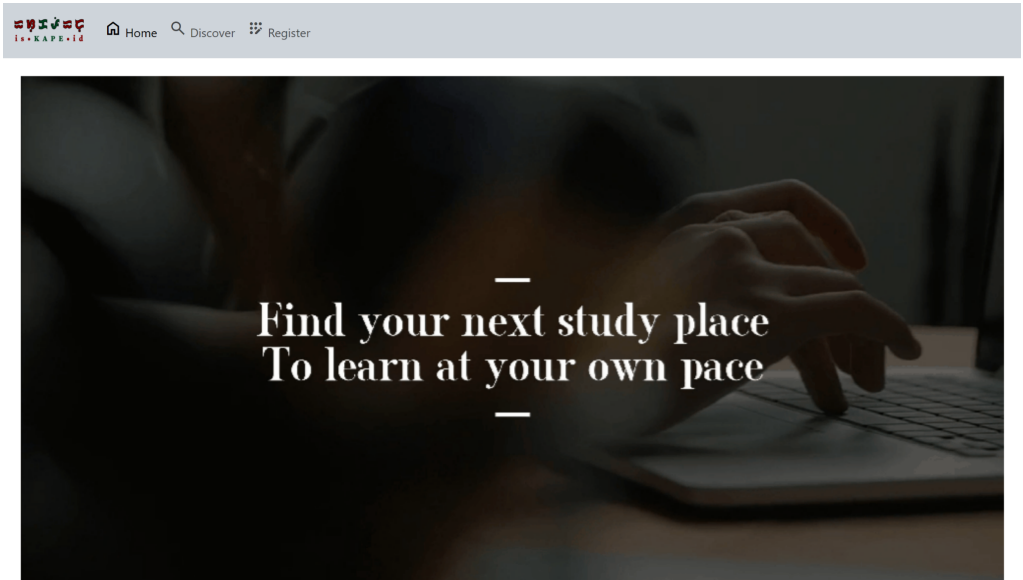

Figure 1. This is the web page’s front interface, where it also shows a navigation bar for the Discover and Registration pages.

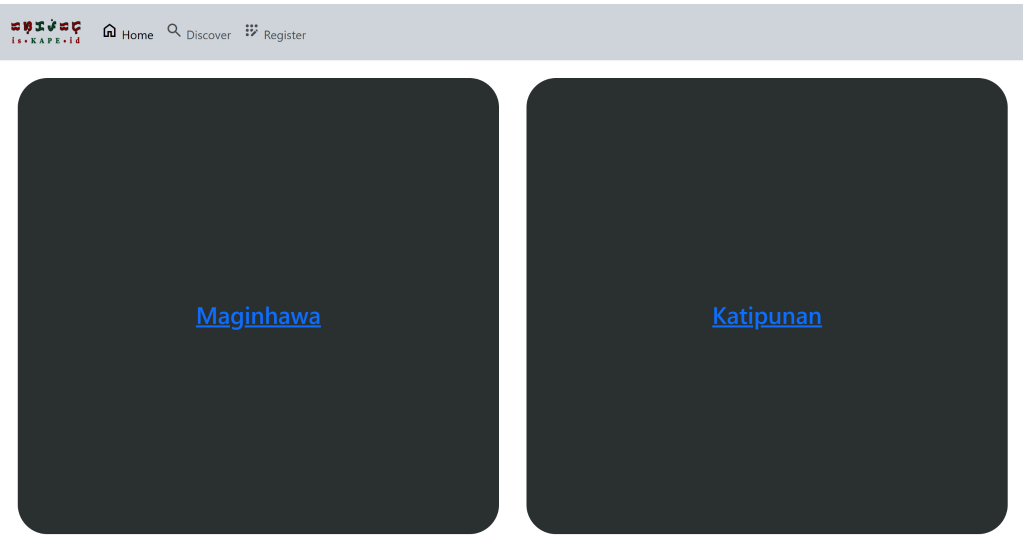

Figure 2. This is the Discover page, where the two main areas, namely Maginghawa and Katipunan, can be accessed.

Sérendipité Esteban QC

This hidden gem is perfect for preparing for your oral examinations! The shop's minimalist aesthetic alongside breath-taking drinks will no doubt motivate you to start working. Serendipite offers special drinks like their blackdust latte and strawberry ade soda to beat the summer heat! Comfort food is no exception, as they also provide pastas, sandwiches, and rice meals. Their alfredo is a personal favorite! The cafe offers peace and quiet, as well as free wifi, so what are you waiting for?

• **Area:** Katipunan

• **Address:**
Openspace-Katipunan, 50 Esteban Abada Loyola Heights Quezon City

• **Store Hours:**
Mon - Sat, 10am - 10pm
